R. L. BOYNTON  
**Edison Manager Named**

R. L. Boynton has been appointed district manager for Southern California Edison Co. in the Redondo Beach District, according to C. R. Simpson Jr., division manager for the electric utility.

Boynton, formerly district manager in Compton, assumed his new position Feb. 1.

He succeeds L. E. Jenkins, who retired after 42 years of service with the Edison organization.

Boynton is no stranger to the Southwest area. He was appointed district superintendent here in 1966, prior to being named district manager at Compton.

He is a native of Whittier, and received his education at Whittier Union High School, Fullerton Junior College, and Pasadena City College.

He began his Edison career in Montebello in 1945 as a groundman. He subsequently gained experience as a lineman, service crew and line crew foreman, estimator and distribution engineer. He was named assistant district superintendent at Santa Paula in 1959, and district superintendent at Pomona in 1962.

### Campaign For Heart Fund Set

Torrance residents should be prepared for a "Heart" knock at their doors sometime this month, Mrs. Max A. Kelly, Torrance chairman for the Los Angeles County Heart Association's annual Heart Sunday fund-raising campaign, forewarned this week.

On Feb. 16, Heart Sunday weekend, volunteers will be ringing doorbells throughout the area for residents to donate what they can to lower the risk of heart attacks and strokes.

Throughout the month, Torrance businessmen will be bringing the heart plea to the world of commerce and industry.

THE HEART leader, who knows personally the crippling effects of heart disorder because her brother died from heart disease, added that more support is needed to raise money for increased research, educational and community service programs against a problem which took more than a million American lives last year.

But because of massive cardiovascular research since 1950, aided by heart dollars, children, women and men have greater chances to live healthier and longer lives without fear of heart disease.

### Coronary Nursing Class Set

South Bay Hospital is offering a six-week Coronary Nursing Course to the RN Refresher class, sponsored by South Bay Adult School. Instructor for the series is Alice Holihan, RN.

Ten registered nurses will be taking the course which begins Feb. 17.

The nurses are scheduled for 24 hours of classroom instruction and 96 hours of clinical experience in the Coronary Care Unit under the supervision of the South Bay Hospital Coronary Unit nurse.
